FAQs

What's covered by my plan?

Power surges are covered and tech support is included from the date of purchase. All other malfunction coverage begins after the manufacturer's warranty ends.

What's not covered by my plan?

Your plan does not cover drops, spills, cracked screens, loss, theft, intentional damage,

cosmetic damage (unless it impedes functionality), and accessories that do not come in the box with your covered product. Please see the [Terms and Conditions](#) for a complete list of what is not covered.

When does my plan start?

Your plan starts the day you purchase your plan and continues for the term indicated above under plan details.

What about the manufacturer's warranty?

Your plan does not replace the manufacturer's warranty, but provides additional coverage during the manufacturer's warranty period. If your product experiences a malfunction covered by the manufacturer, please contact the manufacturer directly or ask us to connect you.
